

Call for Nominations for the Seventh Annual

DL Mabery Award Minnesota Film & Video

D.L. Mabery (1953-1994) was a journalist who devoted his energies to covering the Minnesota arts scene for more than 10 years at Skyway News and many other local and national publications. The Minnesota Film & TV Board has dedicated a special annual award, "The D.L. Mabery Film/ Video Award" to be given each year to Minnesotans who have made a significant contribution to the state's film culture.

The Minnesota Film & TV Board will present two D.L. Mabery Awards this year. The first is for a Minnesota Independent SHORT film/video project that received its first public screening or televised broadcast during calendar 2001. Live action or animated shorts are eligible. The second category is for a Minnesota Independent FEATURE film/video project that received its first public screening or televised broadcast in calendar 2001. Independent narrative features and feature length documentaries are eligible for nomination, and the winners will receive a public screening of their project during the Minneapolis/St. Paul International Film Festival.

Nominations are being solicited from throughout the film community, and finalists will be announced Tuesday, February 12 - immediately following the announcement of the Academy Award nominees. The D.L. Mabery Award will be presented at a special dinner preceding the Hollywood 2002 Academy Awards Benefit on Sunday, March 24 at the Historic Orpheum Theater in Minneapolis. Please help us choose deserving filmmakers by nominating up to three worthy projects by FRIDAY, FEBRUARY 8TH. A list of suggestions and a nomination form are on the back of this letter. THIS IS BY NO MEANS A COMPLETE LIST! Please nominate worthy projects whether or not they are on this list. You can nominate any film or short as long as it meets the criteria.
